

Problem Statement

Design a bot to update the check the scholarship eligibility of students on the basis of previous semester results. Semester result is provided by the Exam Cell in the Result.xlsx Sheet. The unique key to match is the Registration No. of the student.

If a student has more than 8 CGPA in the Result.xlsx file, then he/she will be eligible for continuing his/her scholarship for upcoming semester.

Input files: - Result.xlsx and Scholarship.xlsx

Output file: The updated Scholarship.xlsx file, with CGPA of students entered in one column (marked Green) and “Eligible” / “Not Eligible” entered in the “2021-2022 Scholarship” Column (marked Yellow).
